DIVISION OF CHILD SUPPORT

Information Release #863

TO: All IV-D Agents

DATE: December 5, 2000

SUBJECT: AOC-152, Uniform Child Support Order

The AOC-152 is the new Administrative Office of the Courts form mandated by SB 174 and SB 218 and codified as KRS 205.802. It must be used in every type of case (private or otherwise) where child support is ordered. This form has already been issued to judges and court clerks. As specified by KRS 205.802, if the court uses a narrative order, then the AOC-152 shall be used in addition to the narrative order.

This form will be utilized to standardize all child support orders to provide an efficient method of compliance with 42 U.S.C. 654a(e), State Case Registry. 42 U.S.C. 654a(e) mandates "...a registry (which shall be known as the "State case registry") that contains records with respect to (A) each case in which services are being provided by the State agency under the State plan approved under this part; and (B) each support order established or modified in the State on or after October 1, 1998."

As required by the senate bills, this form was created by AOC in cooperation with the Cabinet for Families and Children. AOC also included input from Circuit Judges, Family Court Judges, and District Court Judges. While AOC has not obsoleted the AOC-151, Wage/Benefit Withholding Order For Kentucky Employers, or the AOC-FC-3, Family Court Case Data Information Sheet, it is hoped that the AOC-152 will eliminate the need for these forms. If you experience any problems in using the AOC-152 in lieu of either of the forms, please direct your concerns or questions by email to the Technical Services Section (TSS) Supervisor at <http://kathy.adams@mail.state.ky.us>.

Since the AOC-152 is not printed on NCR carbonless paper, and copies of the signed order will have to be made, contracting officials are reminded to black-out all confidential information on subsequent copies. This is especially critical for cases involving domestic violence. On the AOC-151, the confidential portions were blackened out on the NCR copies.
